

Medgen Web Portal Installation

1) Go to http:// www.google.com/chrome

Download and **install** the Google Chrome Web browser, uncheck option, "Set Google Chrome as my Default Browser" prior to installation. During installation if it asks you to choose a search engine you may select Google.

Once the installation is complete an icon for Google Chrome should be on the desktop, and should automatically start up, if it does not start up automatically double click the icon on the desktop.

2) Enable Pop-Ups

Click the Chrome menu on the top right. Select **Settings**. Click **Show advanced settings**. In the section titled **Privacy**, click the **Content settings** button. In the section titled **Pop-ups**, select **Allow all sites to show pop-ups**. * You can customize permissions for specific websites by clicking *Manage exceptions* and just add <u>www.medgenehr.com</u> if you prefer.

3) Create an application short cut for Medgen Web Portal.

- Type the Medgen Web Portal login page in the address bar. <u>https://portal.medgenehr.com/medgenweb/</u>

You should now be brought to the Medgen Web Portal log-in screen.
